State Council Elections Policy as Affected by an Extended School Year

This policy only affects 4-H members running for State Council. This policy was put into effect in 2001 and may be subject to revision each year.

If the school year must be extended into the dates of State Congress, 4-H members wishing to run for State 4-H Council (officers or Regional Representatives) may do so following these guidelines:

- ❖ Send an audiotape with a 2-3 minute speech on why they want to serve on the State Council accompanied by a picture. This will be used in the Regional meetings the evening elections are held.
- ❖ All successful candidates will be contacted immediately after the election and will have the option to drive to Columbia for the closing assembly with the permission of their parents/guardians.
- ❖ If the candidate is within driving distance to Columbia they may attend Congress events that don't conflict with school activities. A contract stating the schedule of times attending Congress must be provided and approved by the 4-H member's parents/guardians, County Youth Staff, and State Council Advisors.

This policy applies only to the regular school schedule and not to extra-curricular activities and is only in place for 4-H members running for State Council.
