Fitness Project Brief

Learning Objectives

• Learn the value of lifetime sports for health and fitness
• Share discoveries and a new appreciation of personal interests and talents
• Design a personal fitness plan and track it using a fitness file
• Discover benefits of being fit while making decisions, managing self and speaking with others

• Bowling
  o Learn to select proper equipment
  o Practice proper delivery, follow-through and rules of bowling etiquette
  o Learn to keep score and records of improvement

• Golf
  o Learn to select proper equipment
  o Experiment with different clubs for different shots
  o Learn to keep score and records of improvement
  o Learn rules of golf etiquette

Fair Projects

• Scrapbook of photos of yourself bowling or playing golf that features different strokes and techniques
• Poster that identifies different clubs for different shots
• MyPyramid poster that includes information about healthy eating
• Personal fitness plan - poster or chart
• Develop a board game with interesting health facts

Demonstration Ideas

• How to swing a golf club
• How to keep score - bowling or golf
• How to do other physical activity (i.e., Taekwondo, dance, soccer, etc.)

Field Trips

• YMCA
• Swimming pool
• Walk in a park
• Hike at a state or national park
• Fitness center or gym
• Grocery store
• Conservation area

Ideas for Speech Topics

• Importance of exercise
• Rate of obesity and what to do to help
• Importance of learning proper technique when weight lifting
• Your favorite sport or activity and how it keeps you physically fit.

Critical Thinking

• Why is it important to know how to improve your fitness in the future?
• What activities require protective gear and rules for safety? Describe them.
• What fun activities could you do to improve your health and fitness?
• Consider your goals; what plans should you make to improve your health and fitness?
• What can you do to help other people improve their health?

Community Service

• Volunteer at a golf course
• Volunteer at bowling alley
• Coordinate a Special Olympics event
• Develop an exercise routine and teach others how to do it
• Develop a fitness plan to share with others

Science & Technology

How have you used science and technology in this project area?

Examples:

• Analyze bowling and golf records for improvement and scores
• Analyze different golf shots and the appropriate club to use
• Evaluate a personal fitness plan to see if it addresses the areas needed
• Conduct internet searches for information about health and fitness
• Explore the science of health and fitness (i.e., biology and physiology, etc.).
Show Me Character

Trustworthiness - includes honesty, promise keeping and loyalty.
- Return any equipment you borrow, rent or use
- Be on time to activities so everyone can start on time

Respect - includes courtesy and proper treatment of people and things.
- Thank people for allowing you to borrow equipment and make sure you take care of the equipment you borrowed
- Always treat others the way you want to be treated
- Always congratulate competitors after an event

Responsibility - includes the pursuit of excellence, accountability and perseverance.
- Learn how you can be the healthiest "you" possible
- Try out different activities to see what works best for you
- Set goals for your project and work hard to meet those goals
- Spread your work out over the entire project year so you get the best possible results

Fairness - involves consistently applying rules and standards appropriately for different age groups and ability levels.
- Treat all people of all ability levels with respect
- Judge people only on their character, not on their physical ability
- Take turns when playing games and sports

Caring - promoting the well being of people and things in a young person's world. It denotes action and not just feelings.
- Take responsibility for your own body; making sure you do everything you can to take care of yourself
- Help friends and family understand how to live a healthy lifestyle
- Give friends and family support when they are making changes in their lives

Citizenship - includes making the home community and county a better place to live for themselves and others.
- Volunteer to help out with community wellness events
- Always play by the rules
- Listen to the rules and obey what project leaders and coaches tell you
- Think of ways to promote healthy living in your community

Show Me Standards
Missouri 4-H members will acquire the knowledge and skills to gather, analyze and apply information and ideas, communicate effectively, recognize and solve problems, make decisions and act as responsible members of society.

4-H members will acquire a solid foundation which includes knowledge of:

- Health/Physical Education - structures of, functions of, and relationships among human body systems; principles of movement and physical fitness.
- Mathematics - addition, subtraction, multiplication and division.
- Communication Arts - participating in formal and informal presentations and discussions of issues and ideas.
