

Here are some possible directions to give a hearing impaired participant at Station 4. These directions should be read at a low volume.

Simulate filling out an application and ask them to:

- Write your full name (last name first)
- Write your phone number
- Write your street address
- Write your city, state & zip-code

Ask them to write down a few sentences as say them

Ask them to draw the various shapes and common objects.

Ask them to perform a simple task such as:

- Shake my hand
- Touch your finger to you nose
- Stick out your tongue
- Touch your toes
