

Judging Class

Foods

Storage

This page is for the Leader

Supplies Needed:

Photos of items or real items, Situation and Option card, 4-H judging cards, Judging Scale Chart and pencils.

Reasons:

C is over **D** because there is enough room to dip with a measuring cup lid is easy to take on and off

D is over **A** because it is a long lasting container, can't have holes poked into it, but would be harder to open and close as well as dip out mix.

A is over **B** because the plastic bag could be hard to open and close up, as well as could get holes in it easily.

B is last because the paper sack is not air tight, will leak very easily, and can be really messy to get into.

Judging Class

Foods

Storage

Situation:

Brandy just got back from the grocery store. She needs to choose a container to store her hot chocolate mix in. She needs it to store 4 cups of hot chocolate mix in for use in her kitchen. Place the items from best storage container to least.

Options:

A. Plastic bag with seal

B. Paper sack

C. Clean washed coffee can with lid

D. Quart jar with lid
