

Judging Class

Woodworking Gloves

This page is for the Leader

Supplies Needed:

Photos of items or real items, Situation and Option card, 4-H judging cards, Judging Scale Chart and pencils.

Reasons:

D is over **A** because they are labeled for working with corrosives and caustics

A is over **C** because they are heavy and fairly resistant to chemicals

C is over **B** because the vinyl palms may protect you a bit, before being eaten through

B is last because if you spill anything on your hands the cotton will absorb it and increase chance of having skin contact

Judging Class

Woodworking Gloves

Situation:

You are going to strip old finish off some furniture for your 4-H project. Protecting your hands from the caustic is very important. Rank these gloves for safety and protection.

Options:

- A.** Heavy vinyl over cotton gloves

- B.** Brown Jersey gloves

- C.** Green vinyl palm gardening gloves

- D.** PVC coated gloves
