

# Judging Class

## Woodworking Wood Finish

This page is for the Leader

### Supplies Needed:

Photos of items or real items, Situation and option card, 4-H judging cards, Judging Scale Chart and pencils.

### Reasons:

**C** is over **D** because the stain and polyurethane would provide protection and allow the natural beauty of the wood to show through.

**D** is over **B** because it has sun and moisture protection ingredients in the paint

**B** is over **A** because it would provide at least short-term protection, but would fade and probably have to be repainted often.

**A** is last because it provides no protection and is not made for exterior surfaces

# Judging Class

## Woodworking Wood Finish

### Situation:

Arielle's dad is getting ready to finish the front door of their home. Which would finish would be best to use? Rank from best to worst.

### Options:

- A.** Tung Oil Finish
- B.** Latex Wall Paint, Interior, Flat Finish
- C.** Interior Wood Stain followed by Liquid Plastic Polyurethane
- D.** Latex House Paint, Exterior, Flat Finish
