Babysitting Safety

Supplies Needed

Nuts, small hard candies, marbles, marshmallows, small plastic toy parts, paper clips, bubble gum, small pieces of balloon, other random items

Situation

You are babysitting a 10-month old baby. The floor is littered with different items where the baby is crawling. What items can the baby choke on?

Task

Make sure the area where the baby is playing is safe.

Directions

Remove the items from the floor that present a choking hazard.
