## Child Development

### Choosing Toys for Children

#### Supplies Needed

Toy tractor or Matchbox vehicle, “bead” doll or doll with small parts, building blocks.

#### Situation

Your cousins are coming to visit. Your youngest cousin is 10 months old and crawling. You want a toy the 10 month old can play with safely.

#### Task

Choosing an appropriate toy for a 10 month old.

#### Directions

Look at all the toys and select the most appropriate for a 10 month old child. Explain why you choose that toy.
